

**Milica is happy**

*Every day a child of the swisscor camp tells us about the daily life in his own country and about his impression of the camp. Today, Milica Kostic (11) from Serbia says good morning: "Dobro jutro"*

**Do you like the camp?**  
It's excellent. I like it very much. I can play with the soldiers and other children. On the other hand, I meet a lot of people. It's great fun.

**What is your first impression of Switzerland?**  
I knew that Switzerland is completely different from my country. What I've heard are the stories about cheese and chocolate. Switzerland is well known because of these products...

**Let's talk about the camp. Is it like you expected it?**  
I really thought it would be different. I was already in Greece once. There I had to live in a wooden house. It was not as nice as here.

**Do you have any plans for your future?**  
Actually I don't know...

**Do you want to say hello to anybody?**  
Yes, of course. I want to say hello to my brother who actually stays at the orphanage.
