

Puzzle

Hey Kids! Cut these pieces of the puzzle and try to combine them. When you've finished, you'll get the picture you see on the right.

Darko Nedelkovic

Today, we hear from Darko Nedelkovic (9) from Mazedonia how he likes the camp.

Hi Darko. What have you done so far?
Oh, there were many things. I was walking around, went to the cinema, played a lot and on top of that I was drawing.

Oh, many things how I see. And, what did you like the most?
The soldiers... and the nature. And I just forgot; the two birthday parties here were very good!

Let us talk about Switzerland. Is it how you expected it?
Yes I really have to say it is how I thought before... I just expected we would play more football. Maybe this week...

And could you already taste some of the Swiss specialties?
Yes I had the possibility. The thing I like the most is Swiss chocolate. Especially the Milka Chocolate!

If you had one wish for free, what would it be?
To be happy and to have all boys in Mazedonia as friend to play with...

Is there anybody you want to say hello?
I want to say hello to my mother and all the soldiers in the camp. Especially, I want to say hello to Eddy, because he has the last day in the camp today.

20°

Menu today

Breakfast

Lunch Sandwiches
Lemonade

Dinner Summerparty
We're grilling a lamb.

Drawing Kids

It was amazing how productive they were today and the result is more than impressive! We really have to say the productions were very creative and will bright our dining room in a new light. Furthermore, our kids were able to bring some colours on the walls of the grey and mouldy dining room. Starting on Thursday, we will see the result in the dining room. Come and have a look: you'll be surprised!

This morning was the day of the artists who are available in a big quantity in this year's camp! Each group of children had a different task to do and after a short period of organisation everybody was ready to start. Just grabbing a pen, there was no need to wait. One group of children was painting flags representing their team spirit. Another group had the task to draw out the letters of the word "swisscar". In the end they stuck them together, a huge painting was born. The whole effort was attended with background music from the Swiss charts, this allowed a short procedure avoiding feeling stressed.

Drawing is heavy...
