

Sightseeing in the capital city Berne...

The teachers from south-east Europe who accompany the children were on a trip to visit Berne, the capital of Switzerland. They've seen the most famous parts of Berne like the Clock-Tower "Zytglogge", the house of parliament, the bears and at least they've had a coffee on a nice place at the river Aare.

Mr. Samuel Schmid (middle) wishes all kids and helpers: "A good rest of the swisscor camp!"

The „Aare“ flows in the middle of Berne.

It was also a great pleasure to the group to meet the minister of defense of Switzerland, Samuel Schmid on the street. Thanks to his agreement the swisscor camp has been made possible.

The bear is the symbol of the city of Berne. In the capital city is a special place for these huge animals.

Issue # 10 / 18 August 2006

Milan Timotijevic

Every day a child of the swisscor camp tells us about the daily life in his own country and about his impression of the camp. Milan Timotijevic (10) from Montenegro talked to us:

How do you like the camp?
Good. I'm very glad to be here!

What is your first impression of Switzerland?
I like it very much here! It's not the first time. I was here already once... The things I like the most are chocolate, cheese and... cornflakes.

What makes you sad?
I think I'll be sad when I have to leave the camp soon. We'll see...

And what makes you happy?
It makes me very happy when I see people laughing and see them enjoy themselves.

Any plans for your future?
I'd like to have a big house on the countryside with a big garden. I would be very happy to find gold in my garden.

Thanks Milan for the interview and keep on smiling!

Disco fever

The base is pumping, the light is flashing and so there's no need to wait. Everybody wants to enter into the dance hall and the party begins. At 19:30 the door opens and the crowd enters the main floor. The kids from the whole camp enjoy their free time and dance together to the beat. DJ W knows how entertain the crowd and plays all the hits from the 80's to the actual ones.

After a while, everybody is dancing to the sound and heat fills out the disco room. Some of the children take the chance and choose their favorite song while others like all kind of music. Too early the time is over and DJ W plays his last song; At nine o'clock a perfect evening is over and so everybody goes happy but tired to bed.

Happy kids

An amazing journey at the of Arth-Goldau **ZOO**

Today, another highlight was waiting for our kids. After seen the loveliness of our landscape, we were ready to discover the local animal life.

At then o'clock we all arrived at the animal park in Goldau. This delightful park lies in the middle of the massive boulder strewn wilderness of Goldau and is home to much wildlife. Deers, muflons, billy goats and chamois are living in a free zone while bears, wolves, lynxes, marmots, wild pigs, foxes, wild cats, owls and raccons are within a safe compound.

The wild beauty is enhanced by two peaceful lakes reigned by proud swans, colourful ducks and flocks of geese. For everybody it was an unforgettable experience to have the chance touching and feeding most of this animals. The fresh air whetted one's appetite: There were several picnic and BBQ areas with free fire wood

for everybody available. When all the sausages were ready, we could eat in the magnificent picnic area of the animal park. It was a special experience for young and old. Too early the trip was already over and so we had to take on our way back.

A vulture and a wild pig with babies

Can you name this animal?

Do you know what kind of animal could be on that picture? Cut the pieces out and figure it out!

Three rams with their big horns are watching down to the visitors.

Wow! What a sweet fluffy fur!

This fawn was very tame and even ate out of the hand
